Full job description

Your new company

This role sits within a government organisation with a head office in the heart of Burwood. You will work with one of the leading agencies in government with an excellent reputation in a highly productive team. The organisation is focused on providing sustainable, efficient and cost-effective services.

Your new role

Within this role you will act as a key contributor to the overall technical direction of the team's security capability. The role will work across the Security and Risk team providing specialist advice and skills to ensure the successful implementation, delivery, and continuous improvement of cyber defence, risk and resilience services across the organisation.

What you'll need to succeed

As well as in depth understanding of Cyber security you will be required to
