Full job description

Your new company

Join one of the largest employers in Newcastle during an exciting time of transformation and business growth.

Your new role

As the Project Manager, you will be supporting the business through a number of initiatives, improving user experience for an existing mobile and web platform and supporting the implementation phase of a system replacement.

You will influence and guide stakeholders and vendors to drive the projects in line with agreed timelines and budgets.

You will utilise your knowledge of the project lifecycle to adjust and deliver in an ever changing environment. You will bring project management toolsets and a thorough understanding of technical project management to this opportunity to ensure successful delivery.

What you'll need to succeed

- Experience in Technical Project Management with understanding of SaaS products and system integrations
- Effective communication and negotiation skills and an ability to work to project roadmaps and report status updates
- Drive successful outcomes by engaging and collaborating with stakeholders and vendors whilst managing the impact caused by change
- Professional qualifications in Project Management (e.g. Scrum, Agile, Prince2)

What you'll get in return

This is an excellent opportunity to work on a high-profile project alongside a dedicated team, in a well-established organisation based in Newcastle, NSW. The initial contract term is until the end of the year with likelihood of extension thereafter.
