### Full job description

#### Your new company

Demand for our Client's and their product of producing quality steel is rapidly growing, leading to a demand in labour has led to a need for experienced boilermakers. Join this leading industry organization to further your career! This well known organisation is family run and have up to 60+ years in the Structural Steel Industry.

#### Your new role

Your new role will consist of welding and fabricating structural steel, interpreting blue prints/drawings, and complying with the organization's company culture, and maintaining the standard of producing the highest quality product. This is an exciting opportunity for both highly skilled specialized, and 1-2 years experience in the Structural Steel Industry. There is also the opportunity to join as a permanent role if candidate is a good fit for the company!

#### What you'll need to succeed

- Strong ability to stay productive whilst working autonomously
- The ability to interpret and action plans and drawings
- Experienced boilermaker
- Attention to detail is an absolute must!
- Relevant qualification and tickets
- White Card

#### What you'll get in return

Join and grow within a successful company where you can utilise your skills/experience to better your career. The organisation is very employee centric and believe in rewarding staff for their hard work and commitment to the company.
