USER ACCEPTANCE

### Full job description

#### Your new company

Hays are currently working with an established organisation in Newcastle, NSW looking for an experienced Test Analyst to join their team!

#### Your new role

You will be responsible for developing test approaches relevant for a system replacement. You will create test cases for user acceptance, prepare test environments, report test results, coordinate testing and participate in other related test activities.

You will be required to work closely with stakeholders to understand the requirements and ensure that appropriate testing has occurred to only deliver software of the highest quality.

#### What you'll need to succeed

- Strong understanding of test methodologies and execution concepts
- Extensive experience in technical testing
- Manual testing
- Proven experience in Integration and API testing
- QA management and planning
- Ability to run testing without assistance (planning/preparation/execution/reporting) and consult on outcomes
